Lely Astronaut A5 Robotic Milking System

farming innovators

60: Radio Spot, Lely Astronaut A5 Robotic milking system

The new milestone in milking is here! Lely North America has introduced the Lely Astronaut A5 robotic milking system – the latest in robotic milking technology for your dairy operation.

Your cows will be healthier and happier with a consistent, 24/7 milking routine in tune with their natural rhythms to eat, drink, relax or be milked. A healthy and stress-free cow means more milk in the tank.

The A5 is energy efficient, lowering your cost per pound of milk produced, and gives you the peace of mind you need with outstanding reliability and uptime. A full network of specialized Lely sales people, certified service engineers and farm management support specialists are available to assist you 24 hours a day, 7 days a week.

Find out why thousands of dairy producers are embracing the Lely way of milking, saving their time and money while having healthier cows and better quality milk. You'll see why Lely is the world leader in robotic milking.

To learn more about Lely's Astronaut A5 robotic milking system, contact [insert dealer name], located in [city name] at [phone number or email or website].
